

Summer Resident Artist Program

The mission of our Summer Resident Artist program is to provide progressive students with a stimulating environment to pursue their development in the ceramic arts. The program emphasizes exploring new ideas while working within a diverse community of ceramic artists both at Odyssey and in Asheville's thriving River Arts District. The Summer Residency is a great opportunity for artists who are looking for time, space and resources to experiment with new techniques and create new work in a supportive and creative clay studio.

The residency is a 12-week commitment from May 27- August 26, 2013 with the week of June 30- July 6 off for summer break. The program suits those who are self-directed, detail oriented and community minded. Applicants must have the willingness to work hard at studio maintenance as well as working with children ages 4-18 and assisting instructors. *Applicants must be available for the full 12-week term of the program.

Benefits include 24-hour access to community studio space, teaching experience, discounts on classes and kiln firings. Residents will also receive stipend of \$200 per week. Residents are responsible for their own housing and living expenses.

In exchange, the Resident Artists are responsible for assisting Odyssey's Kids Clay Camp. The work requirement is a minimum of 4-5 hours per day, Monday through Friday, working the morning or afternoon shift. Residents act as representatives of Odyssey Center for Ceramic Arts and are expected to conduct themselves in a professional manner and to execute their responsibilities thoroughly and efficiently. Duties include assisting instructors, working with children, firing kilns, cleaning, keeping up with tools and supplies and general studio maintenance.
